ARE YOU IN THE KQ FACEBOOK GROUP?

Ask a friend already in the private group to invite you to join.

Use it for most up to date info and to reach out for subs.

House Keeping

Start time: the first match starts at 5:30. It is not when you start warming up. Get to the courts early to warm up. If you can't be ready to play at 5:30, let me know

Play: each match is designated 75 minutes to play. If you are starting your 4th game with less than 10 minutes until the next teams play, hard cap at 15.

End time: please mark your end time on the score sheet so that the next match can reference as their start time (if after scheduled time)

Subbing: please find a sub within your own league level or below. While it's nice to bring a ringer in, scores don't accurately reflect your skill level.

Complaints: do everything in your power to resolve issues on your own. I get it that confrontation is hard, but we're all adults here. Come to me as a last resort.

Scheduling: I did my best to accommodate all requests. If you notice a continuing issue with the schedule, please check with me to make sure I have it noted.
